

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of Pacific Bell Telephone Company,
d/b/a SBC California for Generic Proceeding to
Implement Changes in Federal Unbundling Rules
Under Sections 251 and 252 of the
Telecommunications Act of 1996.

Application 05-07-024
(Filed July 28, 2005)

**ADMINISTRATIVE LAW JUDGE'S RULING
TO TAKE STEPS TO ESTABLISH OFFICIAL SERVICE LIST**

It has been brought to my attention that there is no official service list for this proceeding. To rectify that, I am attaching the unofficial service list compiled by the Commission's Process Office. This Ruling will be sent to all individuals on that list. All those on the unofficial service list will automatically be moved to the Official Service List. Any others that wish to be placed on the Service List should contact the Commission's Process Office at Process_Office@cpuc.ca.gov by October 5, 2005. The Process Office will then establish the Official Service list for this proceeding.

With regard to party status, interested parties are reminded that Rule 3.15 of Resolution ALJ 181 states that only the parties involved in an arbitration will be granted party status. Any other interested parties will be placed on the "Information Only" portion of the service list. That remains true in this proceeding as well. Only those entities that will be subject to the amendment we are arbitrating in this proceeding will be granted party status.

In the Commission's order closing the Triennial Review Nine-Month Phase,¹ the Commission states in Ordering Paragraph 1: "Any carrier that has a dispute with SBC over the terms of implementing change-of-law provisions of the TRRO [Triennial Review Remand Order] is authorized to be a party of record in the consolidated arbitration." I want to make it clear to any carrier with an interconnection agreement with SBC,² that has a dispute over the change-of-law provisions related to the Federal Communications Commission's (FCC) Triennial Review Order (TRO) and TRRO orders, will be subject to the outcome of this proceeding. The Commission does not intend to conduct individual arbitrations to implement change-of-law provisions relating to the two FCC orders. Carriers are not required to be parties to this proceeding, but they need to understand that they will be bound by the outcome of the proceeding. I will require SBC to send a copy of this Ruling to each carrier with whom it has an interconnection agreement so that any carrier that wants to take an active role in the proceeding, can do so.

¹ Decision (D.) 05-07-043, July 21, 2005.

² The exceptions to this are described in Ordering Paragraph 4 of D.05-07-043, which states as follows: "The Assigned Commissioners and ALJ in any currently pending individual Section 252 arbitration proceeding, such as for MCI and XO, shall determine whether continue to use the existing arbitration to resolve previously raise change-of-law issues, or whether any pending issues should be transferred to one of the consolidated arbitration dockets."

IT IS RULED that:

1. Any party that seeks to be added to the service list for this proceeding shall notify the Commission's Process Office by October 5, 2005.
2. SBC California shall send a copy of this Ruling to all carriers with which it has interconnection agreements that would be subject to the change-of-law provisions arising from the TRO and TRRO.

Dated September 23, 2005, at San Francisco, California.
